Summary

Motivated third-year B.Tech Computer Science student with a strong interest in software development and emerging technologies. Eager to apply academic knowledge to real-world projects while continuously learning and improving technical and problem-solving skills.

Skills

- **Programming Languages:** Java, C, Python
- **Technical Knowledge:** Web development, Database Management System, Advance CSS styling, Responsive Design
- **Soft Skills:** Teamwork, Communication, Time Management, Problem Solving

Academic Projects

1) Pneumonia Detection System using AI

- Developed a pneumonia detection system using CNN, TensorFLOW and Keras.
- This system using AI represent a significant advancement in the field of medical imaging and diagnostics.

2) Weather Forecasting App

- Developed a weather forecasting application that receives real-time weather data using AI integration.
- Implemented a clean, user-friendly interface to display temperature, humidity, and weather conditions for any location.

3) Car Rental website

- Developed a responsive car rental web application for browsing, booking, and managing rental vehicles.
- Built features like car listing, availability check, booking system, and price calculation.

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering

Raj Kumar Goel Institute of Technology – Ghaziabad, Uttar Pradesh

Year of Passing: 2027

Current CGPA: 8.3 / 10

Professional Experience/ Internship / Training

1) Frontend Development Intern

Cognifyz

- Advance CSS styling and responsive design.
- Gained hands-on experience in modern web development technology while working on real world projects.

Achievements & Activities

- **Participant, YantriKom Society**

Contributed as a participant in robomania, a college event organized by Yantrikom Society, engaging in innovative problem-solving activities.

- **Participant, Adobe**

Took part in Adobe India Hackathon 2025 (India-level), organized by Adobe in collaboration with Unstop, enhancing technical and professional skills.

- **Participant, Binary Club Society**

Contributed as a participant in Binary Hack 3.0, a college event organized by Binary Club Society, engaging in innovative problem-solving activities.

Certifications

- Robomania College Event - Certificate of Participation
- Adobe India Hackathon 2025 - Certificate of Participation
- Generative AI - Certificate of Completion
- Binary Hack 3.0 Event – Certificate of Participation

Extracurricular/ Volunteer Activities

- Attended workshops on Artificial Intelligence, Cybersecurity, or Cloud Computing
- Completed online certifications (Coursera, NPTEL, Udemy, etc.)
- Worked on group projects or tech fests showcasing innovative ideas
